

SM1R

Turn On

Connect the 2-way radio by using the cable provided and turn the radio on, you should hear the message 'Sensear sounds good to me' and then 'Two-Way Radio On'. Note: the headset will not power on unless it's connected to the radio.

Turn Off

Turning off the radio powers down the headset.

Adjusting The Volume

Press the plus (+) or minus (-) sign button on the right-hand side of the unit to adjust for SENS audio volume. For the highest volume continue to press the plus (+) button until you hear a double beep. The unit limits ear noise exposure to 82dB(A).

Turn the volume of the radio up to increase the volume of the headset radio audio.

Switching Modes

To switch between SENS and quiet mode press the power button once you have turned on the unit. The green light on the right hand side of the unit will flash intermittently in SENS mode and quickly in quiet mode. In quiet mode SENS audio will be muted.

Two-way Radio Instructions

When the radio is powered on and you are connected to the radio via the appropriate cable, you should hear the message 'Two-Way Radio On'. Note: the headset will not power on unless it's connected to the radio. Push to talk functionality can be used by pressing the push to talk button on the cable connected to the radio.
